### Academic & Financial Planning Resources

There's still time to reduce future debt by planning your expenses carefully and borrowing only what you really need. Get a financial wellness check-up and find tools for planning, budgeting, and more at MoneySmarts.

Meet with your academic advisor and set a plan to expedite completing your degree, if possible. You are also invited to make an appointment or drop by the Financial Aid Office to review your loan debt figures, talk about future borrowing and discuss repayment options with a counselor.

### Payment Calculation

Payment calculation is based on a standard 10 year repayment term using an estimated interest rate of 4.53%.
